HUMILITY

Calling the world from isolation
Cos right now that’s the ball where we be chained
And if you’re coming back to find me
You better have good aim
Shoot it true
I need you in the picture
That’s why I’m calling you

I’m the lonely twin the left hand
Reset myself and get back on track
I don’t want this isolation
See the state of me now

Calling the hunter with the rifle
Cos right now that’s the ball where we be chained
Shoot it true
I want you in the picture
That’s why I’m calling you

I’m the lonely twin the left hand
Reset myself and get back on track
I don’t want this isolation
See the state I’m in now

If I pick it up when I know that it’s broken
Do I put it back
Or do I head out onto the lonesome trail
and let you down

I’m the lonely twin the left hand
Reset myself and get back on track
I don’t want this isolation
I see the state of you now

TANZ

Oscillate, yourself tonight
When you’re in your bed
Assimilate the dopamine
Passing through your head
When you get back on a Saturday night
And the room is caving in
Do you look like me
Do you feel like me
Do you turn into your effigy
Do you dance like this forever

See yourself in Cupid’s lake chipped in your head
Do you indicate to satellites
Passing by the edge
When you get back on a Saturday night
And your head is caving in
Do you look like me
Do you feel like me
Do you turn into your effigy
Do you dance like this forever

Do you look like me
Do you burn like me
Do you turn into your effigy
Do you look like this forever

Do you dance

KANSAS

I’m not gonna cry
I’ve got more time to give
I’m not gonna cry
I’ll find another dream

Am I incapable of healing
The memory of my fall from grace in your heart
I’m on my journey home
With no fuel alone
Think I’ll coast awhile

I’m not gonna cry
I’ve got more time to give
I’m not gonna cry
Find another dream

Cause I’m about to solve it
Put my engine back in to over drive
So I can breathe again
Photosynthesis again
With the green hills of my home

I’m not gonna cry
I’ve got more time to give
I’m not gonna cry
Find another dream

But if I got it right you’d tell me
And if I was wrong then I disappear
Cos I’m incapable

SCORCERERZ

Hey, what is this drumming I’m hearing now
All over me

Everybody cool down
Everybody see yourself
Everybody on time on time
Everybody hold on
Everybody hold on to your innervision

Hey, what is this drumming I’m hearing now
All over me

Everybody cool down
Everybody see yourself
Everybody on time on time
Everybody mining
Everybody mining their own innervision

Everybody lie down
Everybody pool light
Everybody on time all the time
Everybody hold on
Everybody hold on to your innervision

IDAHO

I landed on the silver lake washed and feeling blue
Heard the sound of footsteps drifting softly to the moon
Looking for clear water I had to take control
Out there in the wilderness
Another bullet hole
Playing it all for gods
Yesterday

Idaho Idaho
There’s a beauty on the road
Everyday I look out on the bus
At silver linings getting lost

Floated out into the woods to hear the old elk call
Touched the rainbow with my hands on dry I got them all
Ride on said the king of cool you’ve got nothing to loose
Tinsel town is down the road it’s the bullet or the noose
If you’re playing it all for gods
Faraway

Idaho Idaho
There’s a beauty on the road
But everyday I look out on the bus
At silver linings getting lost

LAKE ZURICH

It came to me
Build a tunnel from zurich to new york
I find it hard to share this with anyone
Because even to me it sounded ridiculous
But one morning
After a long complicated night
I made my mind up
To share my vision with the world
Everything that follows I’m not responsible for

MAGIC CITY

I’m on the high ridge looking down
While we’re evolving in it all
If I get back then I’ll be grateful
Look there’s a billboard on the moon

Let me take you this far
This crossing isn’t much to me
There’s lightning in the storm clouds
And I’ll send you them this day

You’ve got me lost in magic city
You’ve got me questioning it all
I hope I make it home by Wednesday
And this magic city lets me go

Magic City, Magic City

You put me up here in the penthouse
And painted me in red, white and blue
I filled the canyons with my ego
Look there’s a billboard on the moon

You got me lost in Magic City
You got me questioning it all
I hope that I make it home by Wednesday
And this magic city lets me go

FIRE FLYZE

If you see me floating too many times
My face will be painted in these white brick lines
Cos all my fears invaded
All the crazies put on buses and sent up here to find you
Living on the limits

And if you say goodbye too many times
The centenors will find me and switch me off this time
Cos all my fears evaded
All the crazies put on buses and sent up here to find you
Living on the limits

If all you ever get from the sonnet is the count of the fallen man
Every call and cost made to your heart
You where in the kind of game that put the force in me
I was ever chasing fireflies

Sometimes I follow a firefly it takes me into the night
Baby I just survived, I got drunk, I’m sorry,am I loosing you

ONE PERCENT

Every sound
Every sound in every world receiving
Every world receiving you

Anyone not anyone of us who isn’t searching

Everyone’s receiving you

Gone by the low lake
Deep in the summer day I’ll be there with you
That’s where I heard it for myself
On the training ground for the new world
You heard it too

SOUK EYE

LA why you're so complicated for me
Twilight
Waiting on the planet to turn to me
Darkside
If loving you's a felany now that I'm a renegade
Riding
Trying to find tomorrow ain't easy until you
Dive in

Swimming pools

Why you rolling waves over me now that's all I need
Dreaming
Waiting on LA to come find me
Be forgiven
I'll be a regular guy for you I'll never said I'd do that
Why you looking so beautiful to me now, when you so sad
I will always think about you
That's why I'm calling you back on my way through

I want to stay with you for a long time I want to be
Stone love
I wanna see LA in your eyes when I'm leaving with
Your love
I will always think about you
That's why I'm calling you back
Cos I got to run soon
